Oracle Data Management

Prepare for the OCI Data Foundation Associate Certification

Certification Preparation

Part 2

0:08 / 4:09

1x

Key Points to Remember

- Read the question very carefully.
- Identify themes and keywords in the question.
- Read all the options very carefully.
- You might find two choices sounding exactly the same.
- Identify and discard the “distractors.”
- Start with eliminating obvious options that don’t apply.
- Don’t get stuck at one place; mark for review.
- Always answer; in the worst-case scenario, make a guess.
